

# Suicide

If you are reading this and you are contemplating suicide, we want you to know that we care about you and would love to talk with you today. God does not want you to hurt yourself or to end your life. You are valuable. God created you on purpose, with a purpose. Whatever you're going through right now, there is another solution besides suicide.

We want you to ask yourself, *Is this what God's plan is for me or is this my own plan? Is this God's best for you or am I looking for an escape that is not God's will?*

God has a better plan for you. Romans 8:28 says, **"And we know that in all things God works for the good of those who love Him, who have been called according to His purpose."** You can trust that God is on your side. He wants to bless you and give you a great future, a future that is beyond what you can imagine right now. (Ephesians 3:20)

God loves you so much that He sent His only Son Jesus to die for you, taking all your sin, your past, and your shame. You don't have to die to pay for your sin because Jesus already did. When He rose from death, He conquered sin and death for everyone who believes in Him.

It's OK to be overwhelmed. But please know that this is a temporary season you are in, and the final chapter has not been written yet. We can't do life alone—if you are truly considering suicide then please talk with someone today. There are resources available to help you. The best resource for you would be to go to the emergency room at the local hospital and ask for their help.
